## **THE PADEREWSKI FESTIVAL IN PASO ROBLES ANNOUNCES THE 2021 LINEUP OF CONCERTS**

**The 2021 Paderewski Festival returns to live concerts, open to the public in various venues in and around Paso Robles, on November 5-7th.**

**The Festival begins on Friday, November 5 at the Park Ballroom (1232 Park Street, in downtown Paso Robles) with a program of chamber music by Stanisław Moniuszko and Szymon Laks, presented by the Messages String Quartet.** To bring the community of Paderewski Festival supporters together after a year of pandemic-induced closures and to recognize their longstanding and generous patronage, the Board decided to make **the Friday, November 5 concert of string quartet music at the Park Ballroom free and open to the public.**

**Stanisław Moniuszko (1819-1872)**, known as the father of Polish opera and the author of over 300 songs for voice and piano, also wrote two charming string quartets. The Friday night program will open with Moniuszko's **String Quartet No. 1 in D minor**, a work written in 1840 in Berlin, where he studied composition. This four-movement piece features a rich selection of attractive melodies based on Polish folklore and is stylistically reminiscent of the string quartets of Haydn and Schubert.

**Szymon Laks (1901-1983)** was a remarkable composer and author, who first studied mathematics and law before entering the Warsaw Conservatory in 1921. By 1925 he had left Warsaw for Vienna, where he worked as piano accompanist for silent films and then moved to Paris to study at the Conservatoire. Founder of the Young Polish Musicians' Association in Paris, Laks permanently settled in France in 1929. He was arrested by the Nazis in 1941 and deported to Auschwitz in 1942. Laks survived the Holocaust by being appointed the head of the concentration camp orchestra. His first two string quartets are lost, but his **String Quartet No. 3**—a four-movement work written in 1946 and subtitled "On Popular Polish Themes"—is based on Polish folklore and contains some of the music Laks performed with his orchestra at Auschwitz.

**The Messages String Quartet** is a world-renowned ensemble who has recorded the complete Moniuszko and Laks string quartets on CD as well as string quartets by another Polish émigré composer, Andrzej Panufnik, for the DUX label. Recordings by this all-female quartet have attracted rave reviews from such prestigious worldwide press outlets as *Le Monde*, *Pizzicato*, *Ruch Muzyczny*, and *Crescendo Magazine*, among others.
